Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. The City Trustees meet last evening and audited the usual bills.

The Legislative hall on the 17th promises to be a grand social affair.

The new States that are asking admission into the Union are all Silver States.

Warden Bell came up from Reno yesterday and will take charge of the Prison today.

The Richard Foot Dramatic Company will play a week in Carson beginning next Monday.

Gladstone has made another great speech on the Irish Home Rule bill in the House of Commons.

The weather prophet Foster says we will have one more storm and then delightful Spring weather will follow.

The Carson Weekly has turned another volume. It is sound on the silver question and chock full of news.

It might be interesting to ascertain how much good the state derives from the junketing trip taken to Reno yesterday?

When your watch or clock needs repairing, consult Frank Blethen, of the Carson Exchange block. Frank is a skillful workman and moderate in his charges.

"We hold to the use of gold as silver," said the Democratic platform. The President-elect holds exclusively to the use of gold; hence the trouble in Democratic ranks.

Peter Jackson is out with a very square challenge to Corbett, accompanied by a deposit of \$2500. Jackson don't allow the stage to interfere with his ring engagements.

If the name in the Hawaiian ex-Queen's name be given its proper value of wit makes the name simpler in pronunciation. That her name is Leele-wokalanny, which is translatable into Denis.

When Sarah Bernhardt came back from Australia she was compelled to pay \$900 Custom House duties on the same scenery she took away with her. She sued the Government and has been awarded judgement in full and costs.

If Nevada intends to make an exhibit at the World's Fair, an appropriation had better be made. John Mackay, James G. Fair and J. P. Jones might be persuaded to do the handsome thing by putting up some money in behalf of Nevada for the exhibit.

Mr. Charles J. Kappler's speech delivered in Reno on Oct. 29 1893, on the record and services of Hon. W. M. Stewart has been bound in pamphlet form for general circulation. It is about the clearest and most exhaustive speech ever made on Stewart in this country.

The current issue of "The Wave" contains many excellent features. This popular San Francisco weekly shows a vast improvement since the publishers began illustrating it. The pictures are as good as any to be found in the New York weeklies. Among the features this week are: "Adzuma," a criticism of Sir Edwin Arnold's latest poem by John Vance Cheney. "We do not want the Islands," by Gavin McNab; affairs at Sacramento; a capital storey from French and much gossip and news of an interesting character about people and things in San Francisco and the interior.

Made a Big Kick.

Yesterday the APPEAL office hired a man to saw a cord of wood and after he had finished he made a big roar and wanted more money on the ground that the office had rung in a cord and a quarter on him.

We never had that sort of trouble before and an investigation showed that the wood had been purchased of D. Circe, who has always been in the habit of selling full cords, that is, 8 feet long and 4 feet high and 4 feet wide. The sawyer had been in the habit of sawing short cords for years, hence his kick.

In no place on earth are so many short cords of wood sold as in Carson. Circe has always sold full cords. When ever you purchase wood of Circe look out for a row with the man who saws the wood.

A Cold Steal.

One of the latest humbugs is the plan papers have of giving people riddles to solve of very easy solution along with a big cash offer to every one who solves them, accompanied of course by a year's subscription.

The thing looks very easy and is, but after you send your money you don't get your prize. The best way to beat the game is to send in the words you have guessed correctly and then tell the publishers to deduct the amount of the subscription from the prize you have won. That's the last you will hear of them and you are only out the paper and postage.

The Roads.

Roads in the vicinity of Carson were never in a worse condition than now. The weather for the past month has been something well calculated to spoil the best roads in the country.

The road to the Warm Springs has been cut across by high water in several places and is in a horrible condition. The roads into the Carson Valley are in such shape that the lower road is not in use and the road to Genoa is hardly available.

Hay is getting scarce in Carson because hauling is heavy and very little gets in.

To the Ladies.

I will be in Carson City at the Novelty Bazaar, Ormsby House block for three days, with a full line of samples of dry and fancy goods. The goods will be delivered to any part of the city free of charge to purchasers. I would like the ladies of Carson City to call and inspect the goods, as I am satisfied I have many things well worth their while to see.

The Blythe Case.

This remarkable case is still unsettled, other heirs having come in and demanded a show down.

It is not probable that Florence Blythe was the only child of Thomas Blythe. When he lived in White Pine county he had a child there, the paternity of which he acknowledged repeatedly and many old residents of White Pine could testify to that fact.

Greely French and Charles Winters have leased Folsom's Hay and Wood Yard and are now prepared to furnish wood, hay and grain at very reasonable rates and also stable horses.

All Delivery at Los Angeles.

Los Angeles, Feb. 13.—There was a great jail delivery at the city jail last night, eleven prisoners getting away. A Just Sentence.

Bakersfield, Cal., Feb. 13.—Judge Conklin today sentenced Edward White and Edward Stanfield convicted of an unnatural assault on two boys to forty-five and forty-one years imprisonment respectively in the State Prison.

Always Keep Your Sign Displayed.

Here is what Peter Cooper, who died worth many millions, said of a newspaper. In all the towns where a newspaper is published, every man should advertise in it, if nothing more than a card stating his name and business he is engaged in. It does not only pay the advertiser, but lets people at a distance know the town in which you reside is a prosperous community of business men. As the seed is sown so the seed recompenses. Never pull down your sign while you expect to do business.

Tobacco Users Smile Sometimes when told that tobacco hurts them: their wives never do, because shattered nerves, weak eyes, chronic catarrh and lost man hood, tells the story. If your husband uses tobacco, you want him to quit, post yourself about No-to-bac the wonderful, harmless, guaranteed tobacco habit cure, by sending for our little book titled: "Don't Tobacco Spit and smoke your life away," mailed free. Drug Stores generally sell No-to-bac. The Sterling Remedy Co., Indiana. Mineral Springs, Indiana. j19tf
